

Assignment Alert!

The Youth Services Staff at the Deerfield Public Library wants to help you! This simple form lets us know in advance when your students will be asking for help with a particular project or report.

The YSD staff can select materials and create displays and booklists to make research a smooth process for your learners. Simply fill out the form and fax it, mail it or drop a copy off at the library. A minimum of one week's notice is requested, so that we can assemble our best resources for you!
